A three-day webinar on research methodology was conducted for all the 3rd-year UG students from December 7th to December 12th, 2020. A total of 220 participants from different departments (B. Com Finance & Taxation, BBA, B. Com Computer Application, BA English, BA Economics, and B. Com T & T) participated in this webinar. The purpose of this program was to train participants on the concept of research methodology. The following topics were covered during the session:

1. research problem and how to approach a research problem
2. research design and types of research designs
3. sampling and different sampling methods
4. data collection and its analysis
5. report writing and how to write an effective research report.

This workshop paved the way for the students to complete their research successfully by the fruitful completion of their final year project.
